Councilmember Brewer said he is still getting complaints about water standing in the road on Oklahoma Ave. City Administrator Urton said it is on the list.

Councilmember Humphreys asked if the museum was going to build anything in the street that was closed behind the museum and if they are not will we reopen it. City Administrator Urton said it is a brick street and hard to plow snow and maintain it.

### NEW BUSINESS

Discussion of the lead service line policy was discussed. Some changes are going to be made and it will be brought back at the next meeting.

Discussion was held for allowing a credit for flush water for water districts. It was agreed to see 2 flushes to see how much the credit will be.

Discussion was held concerning a commercial driver's license waiver. City Administrator Urton said it is getting really expensive for CDL licenses so he made this waiver that they have to stay with TMU or the City for 12 months or pay back the amount that we paid.

City Administrator Urton said at the last meeting in September the Council approved \$35,000 for a new police car. We have found out the new car is going to be higher so he sent out an email to approve \$36,500.00 and the council agreed to this by email. He wanted to make sure it was made public.

City Administrator Urton also announced we will be getting a grant for 2 dash mounted radar guns at 100% reimbursable. Hopefully we will get 2 more at the end of this year.

MIRMA insurance is wanting the city to get additional insured on the hangars at the airport. Ron is afraid if we push then planes will leave and we will be under the 10 planes required to get federal money. No action was taken on this.

City Administrator Urton said we need to pass an ordinance for a conditional use permit, so we need to have a special meeting. It was decided to have one at noon on Thursday.

Motion by Councilmember Brewer second by Councilmember Ulrich meeting adjourned at 8:15 p.m. Motion carried.

Respectfully submitted,

Linda Crooks  
Mayor
